

# Undergraduate Placement Exam and Information

## For Spanish S15

The online Spanish Placement Exam opens Friday, January 2nd (9:00 AM) and closes Wednesday, January 7th (6:00 PM).

**You must complete the exam by 6 PM on January 7<sup>th</sup>. Scroll down for instructions.**

The Spanish Placement exam's sole purpose is to correctly place you in the proper level so that you will get the most out of your academic experience in one of our courses. Your exam will be evaluated by our department and you will be placed in the appropriate level. The exam is to be taken by you without any outside help or access to resources or materials.

All students, including native speakers, who have been exposed to Spanish whether formally or informally, who wish to enroll in a Spanish language course must take the placement examination.

### **Exemptions. If you have any of the following scores:**

- 1) AP 5 on either of the Spanish Advanced Placement (AP) tests, or
- 2) IB 6 or 7 on the Advanced-Level International Baccalaureate (IB) exam, or
- 3) C1 on the CEFR European test, or
- 4) L5 on the Yale Spanish placement exam, or
- 5) if you have successfully completed L4 (SPAN 140, SPAN 142 or SPAN 145) at Yale,

— with any one of those listed scores or courses, you do not have to take the placement exam, and may register directly in OCI for any L5 course.

Students who have never studied Spanish, formally or informally, do not have to take the full exam but must fill out a brief questionnaire on the same site (<http://classesv2.yale.edu>) prior to pre-registration.

Students will need their NetID to log on to the exam, which may only be taken once during the specified time frame.

1. Log in with your NetID at <http://classesv2.yale.edu>
2. Under “My Workspace” click “Membership” and then “Joinable Sites.”
3. In the search box on the right side of the screen, type “**Spanish Placement S15**” and then click “Search.” You will see the Spanish Placement site and under it the word “Join” that you should click.
4. If you then see the disconcerting message that there are no joinable sites matching your

search of “**Spanish Placement S15**,” you’ll know that you have now successfully joined the site.

5. Click the Tab for “**Spanish Placement S15**” either on the top of the screen or under “My Active Sites” tab.

6. The site will provide directions for proceeding with the exam.

Results of the online placement examination will be available by 3 p.m. on January 8th, 2015. Students placed in levels L1 through L4 will then follow the instructions on the Department of Spanish & Portuguese website to pre-register for places in Spanish language courses for Spring 2015.

---

Placement results will be posted on the left-hand menu of Spanish Placement Site, click on **Placement Results**.

Follow the links on the Spanish & Portuguese department homepage, under [“Announcements”](#) and [“Mandatory preregistration.”](#) If you miss preregistration, you should contact the course director for the level in which you were placed:
